

WaterHog® Boot Trays

Scraper/Wiper • Indoor/Outdoor

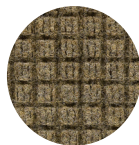

The WaterHog Boot Tray helps protect floors from melting snow, slush, salt, and sand. The durable stain-resistant tray features a unique bi-level design and a water dam border that traps and contains dirt and moisture, helping keep your floors clean, dry, and safe.

- **Functional Floor Protection** – Bi-level surface filters debris and moisture away from shoes to minimize tracking and help keep your floors clean and dry
- **Fade and Stain Resistant** – Solution-dyed PET fabric is resistant to staining, fading, and dries quickly
- **Durable** – Reinforced rubber nubs prevent the pile from crushing and extend the performance life of the tray
- **Eco-Friendly** – PET surface is made from at least 90% recycled content reclaimed from plastic; SBR rubber backing contains 20% post-consumer recycled rubber from car tires
- Available in two patterns (square and diamond) and five colors
