

Hog Heaven III[®] Drainable Mats & Tiles

Anti-Fatigue Mats • Wet Area • Indoor

Hog Heaven III Drainable Mats are flow-through mats with excellent anti-fatigue properties designed for wet areas where grease, oil, and chemicals may be present. Available in modular tiles, linkable mats, and workstation mats for any configuration.

Hog Heaven III Drainable Workstation Mat

- **Comfortable** – High-density, closed-cell nitrile rubber cushion provides excellent anti-fatigue qualities to help reduce the pain and fatigue associated with standing for long periods of time
- **Safe** – Drainage holes allow liquid to flow through; beveled edges provide a safe transition from floor to mat and will not crack or curl
- **Durable** – Nitrile rubber provides years of useful life and can withstand the rigors of almost any industrial environment, including heavy cart traffic
- **Versatile** – Welding safe; grease/oil proof; chemical resistant; ESD rating of electrically conductive
- Mats and tiles are 3/4" thick and available with black or OSHA-approved yellow striped border
- Linkable mats can be linked together to create long runs, tiles can be linked to create custom configurations, and workstation mats are ideal for standing areas
